

A Business Education Is No Lottery.

There are no blanks. You may forget Latin or Greek, but no odds what your vocation in life may be, this business training will be worth ten times its cost. You will use it as long as you use anything. It is worth making a sacrifice to get. If you are willing to make it write us to-day.

Woolverton Practical Business College.

San Angelo, Texas.

Erecting Home in Sunny Side.

M. D. Wilson, of this city, has started the building of a neat home in Sunny Side addition, south of San Angelo. Mr. Wilson owns four choice lots in this addition and intends making it the residence of himself and family in the future.

There are several other contemplated homes to be erected in Sunny Side.

Dancing Proves Fatal.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. Central Drug Store.

Closed Successful Meeting.

Rev. J. W. Staton, of Brownwood, passed through the city Friday returning home from Sheffield, where he has been holding a very successful Baptist revival. Mr. Staton says his series of meetings lasted nearly two weeks with much interest taken and good done.

This is Worth Remembering.

As no one is immune, every person should remember that Foley's Kidney and Bladder trouble that is not beyond the reach of medicine. Central Drug Store.

Bought an Oldsmobile.

Henry Ragsdale and Roy Smith have purchased through O. B. Love, Jr., a one cylinder Oldsmobile from a Dallas agency. The machine is a 1905 cut and is a "Jim Dandy." The two young men are enjoying their new acquisition immensely. They are contemplating an overland trip to Old Mexico, will "go some" and bar all dogs and chickens from the right-of-way.

Bilious Attack Quickly Cured.

A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man. H. C. Bailey, editor of the News, Chapin, S. C. These tablets are for sale by all druggists.

Lost Fine Jersey Cow.

A registered Jersey cow belonging to Dr. O. B. Love, in Angelo Heights, succumbed to some unknown malady Thursday morning. The cow was a fine milker and Dr. Love regrets the loss very much.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequalled for skin diseases. For sale by all druggists.

STOCK NEWS

Col. Barefoot in San Angelo.

Col. L. G. Barefoot, the veteran Texas cattleman, now an active member of the Bourland-Barefoot Live Stock Commission Co., of Ft. Worth, was in San Angelo several days last week. Up till a few months ago Mr. Barefoot lived in Chicasha, I. T. He is a native Texan and a stockman of the "old guard," who has driven many a herd of the famous, and now ancient, Texas longhorns across country to the eastern markets.

Mr. Barefoot paid his first visit to this section of Texas last week. Although he has lived in the Lone Star State practically all of his life, he had never before had occasion to visit this portion of the state. While here he visited several ranches in the vicinity of San Angelo and reported that he was greatly pleased with the condition of the general range, and especially what he saw in the J. D. Sugg pastures.

"You have a whole lot better city and country out here than I expected to see," said the stockman. "This is my first visit and I am surprised." Col. Barefoot said he had been in the cattle business ever since he was fifteen years of age, and that he ought to know something about bovines. He left Thursday afternoon for Brownwood and thence to his home in North Fort Worth.

Jackson Buys \$7,000 Ranch.

J. A. Martin, the Edwards county stockman, was a business visitor in San Angelo Thursday. Mr. Martin reported that he had sold his eighteen section ranch in Edwards county and all of his live stock, to Edward R. Jackson, of San Angelo. Mr. Martin realized about \$7,000 on the land, and for 550 head of stock cattle, he received \$10 per head. A number of swine were sold in the deal.

Mr. Jackson has taken charge of his new ranch, and Mr. Martin expects to locate elsewhere.

H. L. Lam shipped two fine horses to Crawford, Texas, Friday morning.

Huffman & Masterton sold Thursday for Mr. Heard to J. D. O'Daniel, 1,350 prime muttons, at private terms.

Stock shipments from San Angelo Thursday were as follows: Joe Montague to Ft. Worth, 15 cars of beef cattle; H. M. Williams to Lorena, Texas, 1 car of horses; Felix Mann to Ft. Worth, 1 car of cattle; Max Mayer & Co. to Ft. Worth, 4 cars of cattle; J. L. Huffman to Cameron, 3 cars of mules; J. D. O'Daniel to Fort Worth, 2 cars of sheep.

O. T. Word of Sutton county, bought a jack of Howard Mann & Bro., San Antonio, for \$400. Mr. Word told a Stockman and Farmer representative that for years he had been improving his horse stock. He has been using for some time two grand Percheron stallions and results have been very satisfactory. Ten years ago he said that his horse stock was not worth \$5 per head, while now it is easy worth \$100 per head, everything on the range. He said his cattle were doing well, but the ticks are very bad in his section. His pastures are being rid of ticks, he thinks, because of his method of handling his stock. He runs his stock in three pastures, shifting them around. In one pasture he keeps sheep and goats, and after remaining there for several

months they are moved to another pasture and cattle moved in. In this way he thinks he is starving out the ticks, as they cannot or do not, live on sheep or goats. —Stockman & Farmer.

Ranchmen are all busy now rounding up and branding.

Fayette Schwalbe sold a carload of steers to George Harrell at \$25 around.

Milton Puckett sold to Bob Metcalfe 16 cows at \$14. Pretty good for stock cattle.

Otto Schauer sold his steers to Beecher Montgomery. The former is rounding up and branding his, John Young's and Pink Wyatt's stock.

John Young sold to William Cassin of San Antonio the herd of registered shorthorn cows which he recently bought of William Kuykendall at Tilden. The price is not stated but Young admits that he made some money on them. —Ozona Kicker.

Fayette Schwalbe bought two prize baby bulls while he was in San Antonio attending the Fair and they will come up today in a wagon from Comstock. They are registered shorthorns with a pedigree as long as your arm. "Victor Lad" 24794s cost him \$300 and was born May 3. He was sired by Victorious 3rd out of Mary Scott and bred by J. F. Hovencamp of Ft. Worth. The other baby "Baron C" 248544, was sired by Baron Scotchman 180056 out of Mildred and cost Mr. Schwalbe \$200. He was bred by J. W. Williams of Ft. Worth. Both were purchased of J. F. Hovencamp. Mr. Schwalbe has certified records of these animals from the American Shorthorn Breeders' Association. He declares he will in the future have nothing but the best. —Ozona Kicker.

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and prevents pneumonia. Central Drug Store.

A Flower Show.

Brownwood and Ballinger have annual flower shows every fall. Looks like the ladies of San Angelo would organize a Flower Show association and give premiums for different exhibits and make it a spectacular event. There are many lovers of flowers in San Angelo, and much interest would be taken in such a movement.

Be Charitable.

to your horse as well as yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by Central Drug Store.

Roped a Bear in Crockett.

W. W. Wilkins was in town from his ranch on Howards and reports that one of his range riders, a Mexican, roped a black bear several days ago. After a desperate struggle the animal was choked into a helpless condition, and the Mexican dismounted and killed it with his knife. He brought his prize into camp on his horse. —Ozona Kicker.

TOM GREEN COUNTY DEMONSTRATIVE FARMS

Government Agent Here Last Week. Tells of Success of Other Farms. Three Established Here.

The three test or demonstrative farms for Tom Green county, have been established by the United States government. Each farm is five acres in area, and they are located on farms as follows: J. M. Cox east of San Angelo; J. M. Walker, north of San Angelo and C. M. Swope near Twin Mountains, west of San Angelo.

D. R. Caldwell, the government special agent, who oversees the operation of the farms on the railway lines between San Angelo, Galveston, Houston, Ft. Worth and La Granger, was in San Angelo last week instructing the operators of the demonstrative farms in this county. The location of these farms in the vicinity of San Angelo will be a boon to the farmers of this section, and many pointers and suggestions might be learned advantageously by visiting any of the three five acre patches, that will show how Uncle Sam would have his tillers of the soil conduct their farms.

Mr. Caldwell is an inspector working under the sub-agricultural station of the government at Lake Charles, La., directed by Dr. Knapp, a celebrated horticulturist. This visit last week of Mr. Caldwell was his second trip to West Texas. He stated to a Press reporter, that the Tom Green county farms were already progressing admirably. He said the three men here conducting the experimental farms were going to make them very successful, and that many things would be demonstrated in the growing of cotton, grain and truck stuff, that was not known to be possible in this section of the state before.

The government agent said that on a demonstrative farm of eight acres operated by a Mr. Henderson near G. L. Hwaite, twelve big bales of cotton would be realized; in other words a bale and a half to the acre. If the Concho country farmers could learn how to raise that percentage to the acre, the present smiles of content over half bale to the acre realization,

would turn into broad grins of unadulterated delight. "We use the Mabane Triumph cotton seed," said Mr. Caldwell, "that makes vigorous stalks, long limbs, short joints and big five lock bolls. These bolls will average fifty to the pound of cotton. Forty percent of every 100 pounds of seed cotton is lint." The prospects of raising this kind of cotton in this section ought to sound good to our farmers. Mr. Caldwell called farming on the above scale, "intensive farming," and that much interest is manifested over his district.

He said that the Tom Green farms would be well established by next year, his work at present being preliminary, and the furnishing of the excellent government seed that must be used on the demonstrative farms. Mr. Caldwell has nearly one hundred farms in his Gulf territory to look after, and it keeps him pretty busy. He left Thursday afternoon for Temple.

There is no Reason

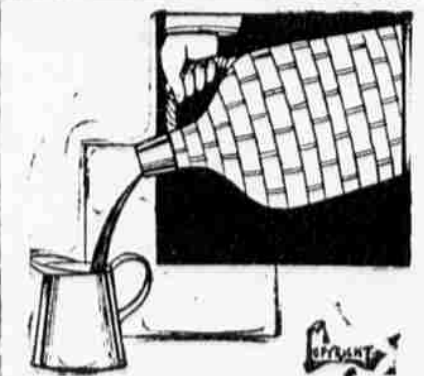

why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by Central Drug Store.
